As of October 11

Thursday, October 26

8:00am	Trade show opens Registration opens	Trade Centre
9:00am	Welcome	
9:10am	Ontario Sheep Farmers announcement	
9:20am	Meet the trade show participants	
9:30am	EweGROW: A road map for Ontario's sheep industry EweGROW sets out a roadmap for creating the skills, knowledge, capabilities and relationships required for our industry to achieve its potential in the face of international and domestic competition. Presenter: Martin Gooch, Value Chain Management International	
10:10am	Lamb grading: key to industry competitiveness This pilot project is testing the effectiveness of simple, efficient and effective lamb grading systems that will enable producers and processors to increase their profits from having improved carcass quality. Presenter: Martin Gooch, Value Chain Management International	
10:30am	Refreshment break and trade show	
11:00am	Increased profitability through better management: why record keeping matters Record keeping is usually the last thing of interest, never mind associated with profitability. Done properly, however, record keeping can make a farm business more prospective, less wasteful, and therefore, more profitable. This presentation will describe some of the common benefits of record keeping and illustrate what and how to measure to make your farm more efficient. Presenter: Nick Betts, Sustainable Agriculture Initiative Platform	
11:40am	Research poster competition highlights	
12 noon	Lunch and trade show
