FOR IMMEDIATE RELEASE

Elanco Canada Introduces Flukiver™

(closantel sodium) Oral Suspension for the treatment of *Haemonchus contortus* (Barber Pole worm) infection in sheep and lambs

GUELPH, ONTARIO: (February 1, 2016) - Elanco Canada, introduces FLUKIVER, an oral suspension for the treatment of *Haemonchus contortus* (Barber Pole worm) infection in sheep and lambs. This is a prescription product available only through veterinarians. Canadian labelled product is anticipated to arrive late spring of 2016 and at that time veterinarians will be notified of its availability.

At this time a small stock of Flukiver continues to be available through the Emergency Drug Release (EDR) approval program managed by the Veterinary Drugs Directorate – Health Canada.

For technical information regarding Flukiver please contact Nancy Perlich at perlich_nancy@elanco.com or directly by phone at +1 403-360-2658. For assistance with the EDR process please contact Nicole Pinto at pinto_nicole@elanco.com or directly by phone at +1 519-341-7002.

ABOUT ELANCO

Elanco provides comprehensive products and knowledge services to improve animal health and food animal production in more than 70 countries around the world. We value innovation, both in scientific research and daily operations, and strive to cultivate a collaborative work environment for nearly 7,000 employees worldwide. Together with our customers, we are committed to raising awareness about global food security, and celebrating and supporting the human-animal bond. Founded in 1954, Elanco is a division of Eli Lilly and Company. Our worldwide headquarters and research facilities are located in Greenfield, Indiana. Visit us at Elanco.com.
