

COVID-19: BEST BIOSECURITY PRACTICES FOR VISITORS ON FARM.

Limit visitors to include only essential services.

When possible, consult or place orders by phone or email.

Have visitors self-assess for symptoms before entering.

Restrict visitor access to only necessary buildings or equipment.

Record all visitor names, dates, & arrival/departure times.

Wash hands with soap & water for 20 seconds after visitors leave.

Disinfect handles, equipment or surfaces before & after visitors arrive.

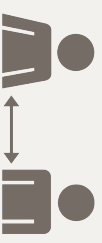

Inform visitors of your biosecurity protocols.

Enforce mask wearing & hand washing or sanitizing before visitors enter.

Avoid close contact & practice social distancing of at least 6-feet.

This project is funded by the Ontario Ministry of Agriculture, Food and Rural Affairs
