My signature below indicates that I agree to release this information.

Signature of applicant

Date

**Signature of parent/guardian
(if applicant is under 18 years of age)**

Article/video topics

- A. What strategy or strategies do you think the sheep industry should employ to address public trust?
- B. If you were going to produce sheep, what management style – annual lambing, accelerated lambing, or a combination of the two – would you choose and why?
- C. Give a detailed description of a biosecurity set up and explain why this is important to the individual sheep farmer and the industry.
- D. What do you feel is the sheep industry's greatest weakness, and therefore its greatest challenge? How would you address that if you could?
